It's done. Really. It's finished. One of the biggest capital projects in our Club's history, the Great Kitchen Adventure, was completed on August 30th. It was ahead of schedule and under budget. And Vice

Commodore Bill Wheeler, who has spent well over a year creating and managing the project, has finally retired. Again. Really. We mean it this time. Thanks, Bill!

No doubt there will be some growing pains as our kitchen staff gets settled into using the new equipment and adapting to the new footprint and work flow, but the turmoil is over, and the front of our Club no longer looks like a second-rate industrial park. Landscaping has been replaced and upgraded and the overall appearance has improved significantly. We're all looking for great things from our new facility, and we need feedback on how we're doing, good or bad. Please use the comment cards to help us know what's working, and more important, what's not. I can't over-state the importance of good written feedback. It's vital to our Club.

As you may know, the board of directors recently authorized a

membership limit of 625 voting members, and to establish a waiting list for prospective members when we reach/approach 625. The limit is based on past experience and our best estimate of the number of members our Club can properly handle. Our bylaws provide for a maximum of 650, but experience has shown that 625 will, at times, stretch our Club's ability to the maximum during popular periods. The "club experience" is very important to our members and we need to maintain our special club atmosphere. For now, at least, we still have room for new members, but we expect that to change. So, if you know that special neighbor or friend who would be a good fit at the BYC, you might want to encourage her/him to consider applying soon, while we still have room.

Finally: Have you checked out our new pizza? Part of the kitchen project was a state-of-the-art pizza oven, and the Chef and his staff have been honing their pizza recipes and consistency for the past several weeks. They've been getting rave reviews, and if pizza is on your list of good things to eat, please give our pizza a try.

I'll see you around the Club! - Tim

MEET SEAN MEEHAN, NOAA
Tues, Oct. 18th 6:30pm

NOAA Fisheries role in science and management of fisheries

Sean Meehan is the NOAA Fisheries Southeast Regional Office's Recreational Fishing Coordinator. He acts as a point of contact for the recreational anglers in the three regions covered by this office: Gulf of Mexico, the South Atlantic & the U.S. Caribbean. He was raised on fishing boats with his father who was a part time charter captain out of Jupiter inlet. Sean grew to work as a mate & fishermen through high school & college. Sean has been with NOAA for almost 18 years working with fisheries, coral & seagrass ecosystems, emergency response as well as a Unit Dive Safety Officer for the NOAA Diving program.

The Southeast Fisheries Science Center conducts multidisciplinary research to inform natural resource management in the Southeast U.S., including the U.S. Gulf of Mexico, Caribbean & South Atlantic. Our science is used by NOAA, Regional Fishery Management Councils, Interstate & International Fishery Commissions, & other Federal, state & local agencies to make informed management decisions to protect & conserve the living marine resources in the Southeastern U.S. & Atlantic high seas. We have 4 primary divisions conducting & supporting our science.

NOAA Fisheries Southeast relies on scientists & fishery managers working together to ensure sustainable fishing opportunities, protection for endangered species & marine mammals & the conservation of the habitat needed to support marine life. Our region includes the South Atlantic, Gulf of Mexico, & the Caribbean.

Around Your Club

We are heading into our busy season here at the BYC. The new Kitchen is up and running and is staffed for the up and coming months. The transition from the portable kitchen to the main kitchen went well and we look forward to welcoming everyone back. As a reminder, if at all possible, please make reservations, as it helps us prepare in advance and properly staff the facility. For those members who have plans after dinner or a special situation, please let us know and we will do everything we can to expedite your service.

A new menu has been launched and will change every three months starting the month of November. In addition...coming soon...Chef John will be starting his very own "Chef's Specialty Menu". This menu will be served together with our current dinner menu.

In an effort to keep the pool safe and clean, please be sure to review the posted "pool rules", located around the pool deck, in your roster

or on the BYC website. The pool area is also considered a food service area, and is subject to health department rules just as the inside dining areas. Please be mindful that the pool restrooms and club house restrooms are equipped with changing tables for children. Also, children who are not yet toilet trained must be wearing swim diapers when using the pool.

Fall has finally arrived and the Entertainment Committee is back at work to host some amazing events for the month of October. Don't miss out on Denim & Diamonds coming up October 6th. You certainly don't want to miss out on our Annual Children's Halloween Party and Haunted House, coming up on October 27th. Please make your reservations ASAP; you don't want to miss out on one of our "biggest" events of the season.

See You Around the Club. – George

JANIE FINCK

Entertainment

Hello Everyone! I am sure that everyone is very happy to have the club back up and running and our new kitchen open for business! It was almost like a high school reunion on the Friday night "soft grand opening" when we all came back to the club after it being closed for general maintenance & to finish up the last minute details of the kitchen! Everyone seemed to agree it seemed like forever since we were able to gather at our favorite place!

Well, now that things are starting to get back to normal, I hope you all are ready for some fun, fantastic events that your Entertainment Committee is so anxious to bring to you! First up is our Denim & Diamonds event which will feature a "dressed up" casual feel and a fabulous band to dance the night away to. The Rye Road Band is excellent, and I know everyone is going to really love them. It is a great way to kick off our Entertainment Year for sure! Next up in Nov. are you ready?? We are bringing the premier Billy Joel Tribute Band to the BYC!! "Turnstiles" is coming and you do NOT want to miss them! We are so excited to be able to bring this group to the BYC, they have performed all over the world and our own members, Howie & Anita Stein, are best friends of the lead singer "Billy Joel" and guarantee you are in for a special night!! So, please make your reservations early and bring your friends for a great night!

Well, now that I have given you a sneak peak of what is in store for this year I hope everyone will join in the fun, make some memories and in the process, support your club. That's what makes it possible for us to continue to bring these fantastic events to the BYC!! See you soon! - Janie

Great Mates

Our September meeting was nothing short of awesome! Twenty new members and a record crowd came out to help Great Mates choose this year's charity after viewing two inspiring videos. Prior to the meeting, nine interviews were held by Janet Amar and Cindy Rhategan, but in the end, The Haven, a 32-acre facility

helping the disabled from pre-school to seniors touched the most hearts. Finally, huge thanks to Bret Gamrot (and his parents) for being willing to share his awesome Silverking craft beer with us as well as great stories. It was a Grand-Slam of a night!

Join us for October's Great Mates Dinner Event which will be another "first!" BYC Artists will "Share and Show" on October 25th (note this is the 4th Thursday) at 6 pm. Amazing art, affordable unique gifts, and seven of our very own talented artists will be on display to inspire us. Anna Broshears specializes in oil and acrylic, large scale abstracts, seascapes, and pop art. Bill Wheeler creates sculpture from sheet copper. Come see Birgitte Goings' fine silver and semi-precious stone jewelry, Leslie Trettau's trendy earrings and assorted gifts, Barb Wheeler's stained glass and creative glass bottles, Chris Harrington's cigar box purses & wine cork creations and Mary Ann Gamrot creates various forms or painted sea life from palm fronds. Make your reservations early! There will be time to shop.

Our college scholarship recipients have settled into fall sessions, and one student recently graced us with a heart-warming thank you card that read: "Your generosity has helped make it possible for me to attend my dream school and pursue my aspirations of making a difference in the world. Thank you for all you are doing for our community and for allowing me to be a part of it." Please consider helping Debra Hastings' Scholarship Committee find next years' students so we can make an even greater impact. Debra is hosting an organizational lunch meeting to kick-off Scholarship season in the River Room at 11:30 on November 6th. All GM members are welcome. Janet Amar's committee continues to meet and would really appreciate it if you can sponsor a gala table or donate any gift amount towards our fundraising goal at any time. See Tammy and Bobby Smith, heading up Sponsorship for the March 2nd Gala, to help.

Go ahead and mark your calendars for November 15th's meeting. "A Florida Christmas" will emphasize easy entertaining and decorating for the holidays. Errol King, BYC Mixologist, returns to share tips and seasonal drinks. Come enjoy his samples! And Cricket Clifton and Mary Ann Gamrot will demonstrate simple decorating using inexpensive Florida flora from backyards. A timely meeting for all the upcoming holidays, including Harbor Lights!

Hope to see you Oct. 25th or before. We'll bring the fun; you bring the friendship. – Gail

Pram Fleet

For openers, we want to let our readers know about a couple of up-and-coming young sailors. Brodie Hausman finished sixth and James Freund came in ninth in the Under 13 division at the O'pen BIC North American championship regatta in Ontario, Canada on Aug. 9-11. Overall, they were 23rd and 27th in the international event hosted by the Buffalo Canoe Club in Ridgeway.

There were 11 races but officials allowed competitors two throw-outs, meaning they could toss their two worst scores. Brodie, son of Warren and Theresa Hausman, garnered a sixth and an eighth as he cracked the Top Ten twice and compiled 166 points, only five behind the fifth place sailor.

Next, we want to introduce you to Floyd Jay Winters of Bradenton who has come aboard as a coach. A licensed captain with the Coast Guard, Jay is a career instructor and coach with multiple American Sailing Association certifications. He is also a computer science professor at SCF in Bradenton.

We have started our fall practice sessions and were ready for Sarasota's 72nd annual Labor Day Regatta, but the red tide forced cancellation of the big event. Our skippers will continue to practice three times a week and on Saturdays as they prepare for regattas in Dunedin, Fort Myers and Eustis this month.

With our new Bishop Sailing Center, we are at a crossroads and one of our projects is to re-evaluate the Manatee River Pram Fleet's vision now that we have this state of the art facility. We have

several ideas about broadening our horizons and introducing more people to this wonderful pastime.

One new program that we have started is recreational sailing. This is for young skippers who may not have a competitive bone in their bodies and just want to be on the water. Instead of series races and regattas, our recreational sailors will concentrate on seeing how efficiently they can sail to such destinations as Emerson Point, DeSoto Point or Terra Ceia Bay.

BYC's Fleet Captain for Sail Fred Ruggiero has suggested having a "kids at the helm" event where our youthful skippers can take command of a vessel somewhat larger than an Optimist Dinghy or an O'pen BIC and have a day sail up and down the Manatee River. What an experience that will be.

We have some other ideas to boost sailing in our area and will share them later. Stay tuned. - Lisa

COMMODORE AT THE HELM REGATTA SUNDAY, OCT. 14th

1pm Capt. Meeting 2pm Race Start

Past and Present Commodores will compete to see who is Club Champ!

Message From Fred Ruggiero: Captain, Sail Fleet

- Start will be at 2pm with a short course announced before the race on channel 71.
- There will be an *optional* captain's meeting at 1pm in the Gazebo. I will have course directions and some course tips. We intend to have a spinnaker class and a non-Spinnaker class.
- There will be some free munchies at the lounge where we will announce results, but you must have a past or current commodore in your party to indulge.
- This is a fun race, so here are the Sailing Instructions:

- Show up with a past or current commodore.
- Have fun sailing on the beautiful Manatee river with your commodore steering the boat.
- Come into the lounge and enjoy the company of your fellow sailors and commodores.

Are you a commodore that needs a boat to steer? Do you have a boat and no commodore to steer it? Call or text me at 941-527-5661, or email me at Diesel3446@AOL.com.

Florida Council of Yacht Clubs

The FCYC met on September 8 at the Halifax River Yacht Club in Daytona Beach Fl. It was attended by 34 of the 36 yacht clubs in the council. The business of the FCYC is to help all yacht clubs be successful and share ideas about what works and what does not work among the different yacht clubs. The first part of the meeting was a refresher on Strategic Planning, it was an impressive presentation and Sarasota Yacht Club has implemented theirs and seems to be working very nicely.

Michael Bodin was our guest speaker, and he gave us updates on 2018 Florida legislative session regarding anchoring and transient boaters in Florida waterways. His group, along with several others, have prevented wholesale changes that would not have allowed transient boaters to anchor in protected harbors.

The Florida Fish and Wildlife Conservation Commission is announcing the first opportunity to apply for Derelict Vessel Removal Grant for the 2018/2019 fiscal year. You must apply by 5pm October 17. There is 1 million dollars budgeted for this year. The guidelines and application for this grant is available at DVGrant@MyFWC.com or contact Phil Horning at (850) 617-9540.

The US Coast Guard issued a Marine Safety Alert regarding LED navigation Lights, it seems that LED Navigation lights could cause problems with your VHF and AIS reception when antennas are close to the LED lights. If you are having reception problems since installing LED's they could be the source.

There is a new near real time weather reporting site on the Peace River. For those of you who travel on Charlotte Harbor, the sensors have been placed on Peace River Marker 4. Up until now there was only land based sensors; to access this go to www.boat2puntagorda.org and click "Real Time Weather".

Bradenton Yacht Club is hosting the next meeting November 3 and January it is at St Pete Yacht Club. Remember everyone is welcome to attend and experience other yacht clubs and meet people from all over the state. They have contests for the most attendees from a yacht club and the club who traveled the farthest by boat. Your BYC won the award in July at Carlouel. - Bobby

FCYC Weekend at BYC

November 2 - 4, 2018

The Florida Council of Yacht Clubs (FCYC) was founded in 1961 when the thirteen original yacht clubs formed a representative body to encourage the sport of yachting, to promote safety afloat, to encourage reciprocity between member clubs and to promote beneficial legislation. The Bradenton Yacht Club was one of the original 13 founding members of the FCYC, which has since grown to a total of 36 yacht clubs.

Every other month, the FCYC holds its executive and directors' meetings at a member club. In November, on the 2nd thru the 4th, BYC will host the meetings which are generally attended by 60-120 members from clubs throughout Florida. This will be a big opportunity to show off our club!

BYC members are invited to come out and welcome attendees on the evening of Friday, November 2nd, when many of them are expected to join us for a Poolside Luau beginning at 6pm - Polynesian cuisine, Steel Drum Band and Paradise Island Dancers. The following evening, Saturday, November 3rd, the big social event will be Dinner, Drinks and Dancing (Blues Pig Band) in the Main Dining Room. Our members are invited to both events, reservations are a must. We hope to have a strong BYC Member turnout and hope to see you there!

"Dinner drinks dancing..."

Sat., Nov. 3rd - Cocktails 6pm - Dinner 7pm

Menu:

First Course - Mesclun Greens Topped with Roasted Golden Beets and Goat Cheese, dressed with a Pomegranate Dijon Vinaigrette.

Entrée

- Surf & Turf - Grilled Tenderloin (100% Black Angus) with Garlic Butter Jumbo Prawn, finished with Bordelaise Sauce. Served with Grilled Asparagus and Twice Baked Potato.

Dessert - Apple Pie à la Mode

Sport Fishing Fleet

The BYC Sport Fishing Fleet is planning a dinner meeting on Thursday, October 18th at 1830 hours.

Our guest speaker that night will be Sean Mehan who is the the NOAA Fisheries Southeast Regional Office's Recreational Fishing Coordinator. Should be an interesting discussion concerning fishing regulations, Sean's topic will be:

"NOAA Fisheries' role with the Gulf of Mexico Fisheries Management Council in the science and management of fisheries and regulations".

During the same meeting the Crosthwait Fishing Committee will be honoring their tournament's outstanding BYC with a trophy presentation participants.

Did you know that BYC will cook your catch? It is ever so much of a luxury to arrive at BYC after a long day of fishing and to have a

member of our kitchen staff collect your (must be cleaned and gutted) catch and have it deliciously prepared while you clean up your boat and fishing equipment. I always enjoy having dinner with my fishing buddies and our better halves after playing on a boat all day.

A BYC Trophy Catch Board has been developed for the BYC Sports Fishing Facebook page. We encourage you to enter your fish catches to be recognized by the membership. An entry form is available on the FB page, or you may email me for a copy. Fill out the form, size is by length not weight, submit with a picture to me. Juniors fourteen and under will be acknowledged separately from adults.

One of our members, Dave Spangler recently went onto a West Coast fishing trip (San Diego, California into Mexican waters). There Dave landed a Striped Marlin caught on an Okuma Andros lever drag reel with 30-pound test line! Nice job Dave! – John

**WELCOME
NEW MEMBER!**

DR. DAVID KRULL

House Committee

Maggie Cincotta
Bradenton, FL

At long last the kitchen renovation project is complete! The kitchen reopened on Labor Day weekend to an eager membership that had patiently endured the challenges of portable kitchens most of the summer. Our new facility is a much improved environment for our staff and will provide excellent resources for everyday meals and special events. It was a project long in the planning stage with strong leadership from House Committee Members, our Board, Manager George Gordon and especially our Vice Commodore Bill Wheeler. Due to his expertise this project came in “on time and under budget”, a mantra we heard for 3 months! Also during the shutdown a lot of bricks on the patio were reset, the decking in the Tiki Bar was repaired, and the bar repainted in festive colors.

The landscaping around the exterior of the kitchen has now been completed. New signage is also in the works for the front of the Club and the blank wall by the kitchen. After these huge expenditures we now look to the future as to the next improvements we wish to undertake as our financial reserves build back up. Projects being considered are increasing the insulation in the attic of the entire building, modernizing both the fire alarm and burglar alarm systems, and repair of the tennis courts. We welcome input from all members as to what you think the needs of our Club are. The House Committee meets on the first Wednesday of the month and welcomes new members. Hope to hear from you! – *David*

FRED RUGGERIO

Sail Fleet

Members of the BYC Sail Cruising group sailed, with some motor sailing, to St. Petersburg Yacht club on Friday, Aug 24th. Most of us dodged the rain on the way up, which would end up being the theme for the weekend...dodging the rain.

In this episode of; *The BYC Sail Cruise group goes on an adventure*, the usual suspects were, Jim and Pat Keller on *Orion*, Tom and Anne Rose on *Corsair*, Trish, myself and crew on *Sea Ya*, Bill and Margret Clague on *Selkie*, and Mark and Denise Berte on *Swamp Rabbit*.

As we approached the Sky Way Bridge, with Jim and Pat in front, Trish, myself, my daughter, Mia, and son in law Jared, and our granddaughter Azalea on *Sea Ya*, we caught up with Bill and Margret Clague on *Selkie*, the rain stayed off to our east and moved parallel to us.

Bill and Margret now own *Selkie*, a Gemini 105 sailing Cat. They were sailing in the bay getting accustomed to her, and waiting for *Sea Ya* to catch up.

As we neared St. Pete, a rain storm built directly over the entrance and SPYC as I saw the wind speed climb to 22. The rain was heavy enough so that we completely lost sight of Jim and Pat, so Bill and I each slowed our boat speed to a crawl, did some tidying up, dropped our sails, and let the rain pass before going in. Tom and Anne Rose had left early and were already at SPYC.

Friday evening we dined at the Park Shore restaurant, and after a fine meal, and a pit stop for ice cream, we all gathered at the SPYC for drinks.

After our Saturday morning potluck breakfast, we were joined by John and Anna Broshears on *Anna Maria*. Due to unforeseen circumstances, Frank and Diane and Bob and CJ Cox were unable to sail up with us. Saturday was a great day of sunshine, swimming, and walking St Pete, followed by... a torrential, biblical, just give up your boat is going to get water inside, rain storm. Then, just in time for our walk to dinner at Gratzzi, the rain came, almost to a stop. Waiting for us at Gratzzi, were Cricket and Charles Clifton, Rick Casson and Cecil Stanley, and Bob and CJ Cox who arrived by going OVER the Sky Way rather than under it. Gratzzi gave us a room to ourselves and wonderful food. We had a nice sail & motor sail back to BYC Sunday morning, again dodging the rain. As always, our SPYC visit was great.

Our September 5th Sail Cruise meeting had as guest speakers Bonnie Monroe and her son Mark, who uses paddle boards & hobie cats to introduce Autistic kids and young adults to sailing & water activities. Mark, a high functioning young man who began his first year of college this fall, found sailing on his own. Seeing Mark's progress, Bonnie discovered that sailing provided Mark with a learning experience far beyond her expectations.

This led Bonnie to become a sailing instructor and build from the ground up, **Freedom Sailing Camp**. While most of their meetings are in Safety Harbor, FL, they take there "show" on the road to other beaches in the area. **Freedom Sailing Camp of Florida** is accomplishing their Mission of providing safe, enriching, and affordable sailing for High Functioning individuals within the autistic spectrum disorder. It allows them to explore and develop social skills that will empower them to strengthen their self-esteem and help them become self-sufficient individuals. You can find Bonnie and the **Freedom Sailing Camp** program on FACEBOOK. – Fred

Navigators Club

The Navigators well awaited trip to Chicago has just concluded! We spent eight days in the Windy City. Our hosts, Jack and Nancy Gorman, planned out the trip beautifully! I would like to take this opportunity to list some of our experiences! We arrived at the Palmer House Hilton hotel on Saturday morning to a determined group of workers who are on strike. All hospitality, restaurant workers, bellman, etc. are involved. The workers picket in front of the hotel banging on pots, pans and anything else that makes loud noise. The hotel is quite lovely, except getting our rooms cleaned was a battle, to say the least. However, this did not hinder our excitement to visit the attractions Chicago offers. Saturday afternoon, Jack arranged for our own Mini bus tour to get an overview of Chicago. We had dinner at a German restaurant close to the hotel. Sunday we had an "out of this world" brunch at the Chicago Yacht Club. The display of selections was mind boggling. With our tummies full, we walked to the fabulous Art Institute of Chicago, and after, had dinner at the Lowry's The Prime Rib restaurant. Monday, we spent the day at the Museum of Science and Industry and then had dinner at Bacchanalia. Tuesday we walked to the Shedd Aquarium and Adler Planetarium. We walked passed the beautiful Buckingham Fountain and the famous Bean structure. (Ask the girls about their belly laughing session at the Planetarium). We had dinner at the fabulous Greek Islands restaurant. Wednesday we visited the Navy Pier and went on the iconic Centennial Ferris Wheel soaring heights of nearly 200 feet. We then headed to the Columbia Yacht Club. You board the MV Abegweit or "The Abby" (as know by its 900 members), 372 feet long and a former ice-cutting Canadian ferry. We had cocktails in the bar and then went to the side deck to have dinner overlooking the Chicago skyline and the boats moored in the river. There were a couple of events we will always remember. Nancy Gorman is still questioning where her crab cakes are and Steve Hastings wants his favorite cap back!

Unfortunately, this day brought Ilene and Josh Huntington to visit the ER. As Ilene and Josh were walking to view the Buckingham Fountain in the evening, Ilene tripped and broke her femur and had to have surgery. This had them stay in Chicago, well after our departure, as Ilene needed to have extensive physical therapy.

As you can see, we so far had an extremely memorable time, some good and some not so good. The story will continue in the November Poop Deck article so stay tuned.

Please note, our next Navigators meeting is Tuesday, October, 23rd at 6:30pm. All BYC members are invited to attend. Please be sure to make a reservation and provide your entrée selection. We have many fun-filled events planned for the future months. Hope to see you there or around the Club. – Diane

Power Fleet

Well, it is hard to believe we are already into October, the year is flying by, summer is over, and everyone who has been land cruising has returned safely home with some great stories from their adventures. Our last power fleet dinner was fantastic, we had David Wolff from Ocean Habitats Inc come speak to us about how we can do our part to help keep our water clean and the ecosystem thriving, it was very interesting. We had 50 people come and nobody wanted to leave, we were all catching up from the summer travels. I have to mention that George Gordon and the BYC staff did a great job. The new kitchen is proving to be a great addition to our club, our food was great, and we all look forward to spending more time at the club.

Our last power fleet trip took us to Treasure Island where we are always treated great. We all enjoyed the Friday night buffet. We only had 5 boats go this trip, but Graham and Michelle took 3 additional cruisers with them, so we had 13 for dinner and the band was outstanding. They are there the 3rd Friday of every month and worth the trip to hear them.

Saturday we all boarded Zenful, my boat, and we took a tour up the intercoastal and ended up at Clearwater Yacht Club where we had a very nice lunch even though they were remodeling. Saturday night we went to the best restaurant in Treasure Island, recommended by Eddie Sorensen, and she was right, it was fantastic. Her and Fred also joined the group and we all had a great time.

This month, the power fleet is traveling to South Seas Resort on Captiva Island; we have nine boats going from October 11 thru the 14th. November, the fleet will be going to St Pete Yacht Club, always a fan favorite.

Well, it sure is good to see the club back in action. It was a long summer, but worth the wait, and everyone seems to be enjoying our club again. So, until next month, we will see you around the club. – Bobby

DAYTIME BRIDGE

The 2nd and 4th Wednesday Bridge Group has two events to report for the October Poop Deck. One, while the kitchen renovation was still in full bore, occurred on September 15th. High scorer was Connie Dreyer; Gary Morgan placed second, and Art DaCosta placed third. On September 12th, we were glad to again seat three full tables with 12 players. High Score was won by our consistent high scorer; Newell Yaple; 2nd place was earned by Gary Morgan; and third place went to George Kern. Maybe the score recorder is at an advantage to notice, but there appears to be a very quiet competition between Newell and Gary to be Top Banana! If you are familiar with the two of them, you understand the quiet description. We were happy to loan the Palm Room for storage during demolition/renovation, and we are even happier to be back inside. If you would like to join us, we will be playing again on October 10th.
